Reading area at the Alliance Branch

Alliance Branch Moves

The Alliance Branch of the Stark County Law Library recently moved into a new room at the Alliance Municipal Building at 470 E. Market St. The new carpeting and paint provide a bright atmosphere for legal research, and the new location provides slightly more space. The library is now

located just inside the doors and to the left in what used to be the juvenile probation office. Patrons will need to enter through the main entrance at the new Freedom Center portion of the building. Members can request a key from Judge Lavery's office or the police department to access the library. The key must be returned when the member is finished using the library. The Ohio Primary Westlaw service will again be available on the computer once the Internet connection is installed.

Collection at the new location.

Dealing With Forensic Evidence

The Daubert decision (509 U.S. 579) is considered to be the most important case to involve scientific evidence in over seventy years. Successful or unsuccessful "Daubert Challenges" can influence the entire outcome of a case. For information on Daubert, see: "Daubert on the Web" at: <<http://www.daubertontheweb.com/>>. The following are more sources of information on Daubert.

"A Beginner's Primer on the Investigation of Forensic Evidence" by Kim Kruglick <<http://www.scientific.org/tutorials/tutorial.html>> includes a discoverable material checklist and a forensic case issue checklist to help lawyers prepare for trial.

The Legal Resource Center for the Criminal Defense Practitioner's "Forensic & Expert

Links" page <<http://www.crimelynx.com/forensic.html#ANCHOR1>> contains useful links in the following categories: Forensic Megasites, Forensic Books and Journals, Forensic Science Disciplines, Crime Scene Investigation, Commercial Research Sites, Psychology and Mental Health, Forensic Organizations, Expert Witnesses, Polygraphs, Government Forensic Publications, Forensic Services, and Driving Under the Influence.

Another good source of up-to-date information is provided by Attorney Peter Nordberg in "blog 702" located on the web at: <<http://daubertontheweb.com/blog702.html>> Nordberg comments on court decisions, studies and other documents and events pertaining to the admissibility of expert scientific testimony.
